

## What is it?

Math Mini Courses Online from A+ Interactive Math are **affordable and excellent way to close learning gaps** in particular areas of Math where students may have weakness. Each mini course covers a logical group of specific math concepts from several grade levels. It offers an in-depth review of math concepts from a very basic to a more advanced level. Mini Math courses help build a strong foundation in Math by providing students with consistent review of the specific areas in which they're weak.

Math Mini Courses Online Include,

- Multimedia Lessons that teach math concepts with fun, colorful and engaging computer animated video lessons, audio and text.
- Interactive Review for each lesson that helps students/parents identify and close learning gaps.
- Worksheets that provide extra practice to help master each math concept.
- Automatic grading and tracking with easy-to-read progress reports.
- Solution Guides that provide detailed step-by-step solutions with visuals to each problem on worksheets.
- Full text versions of lessons that provide additional flexibility for those who like to read through the lessons.
- Printable worksheets and tests for practice offline.

## What Would My Student Learn?

The main subject areas covered are:

- 1.1 Days, Weeks, Months and Years
- 1.2 Days
- 1.3 Weeks
- 1.4 Months
- 1.5 Years
- 1.6 Converting Time: Days, Weeks, Months and Years
- 1.7 The Four Seasons
- 1.8 Seconds, Minutes and Hours
- 1.9 Digital and Analog Clocks
- 1.10 Telling Time to the Hour
- 1.11 Telling Time to the Half-hour
- 1.12 Telling Time to the Quarter-hour
- 1.13 Telling Time to 5 Minute Intervals
- 1.14 Converting Time: Seconds, Minutes and Hours
- 1.15 Duration of Time
- 1.16 Converting Digital and Analog Time

- 1.17 Converting Units of Time
- 1.18 Adding Different Units of Time
- 1.19 Finding Elapsed Time
- 1.20 Adding Elapsed Time
